HINDENBERG IS NOT HAPPY

Request for More Men Has Been Refused

PROGRESS OF TEUTONS STOUTLY CONTESTED IN THE MOUNTAIN PASSES

(Associated Press)

London, Nov. 13.—A News dispatch from Petrograd says that General von Hindenberg has announced that he is ready to resign his command should the emperor not give him reinforcements. This announcement is reported to have been made after the field marshal and the emperor met and the former's demand for more men was refused on the ground that they could not be spared from other fronts.

RUSSIANS ADVANCE FROM RIGA

The news from the eastern front agrees that von Hindenberg's situation in the Riga district is extremely difficult. The Russians are continuing their attacks between Olai and Lake Babit. It is reported the Germans are being forced into the woods and marshes.

GREAT ANXIETY OF THE ALLIES ABOUT GREECE

Uneasiness is being shown by the Allies over the attitude of Greece. This is not likely to be allayed by news of the German military mission's arrival at Athens. Paris official circles do not believe there is any possibility of Greece changing her position and distinctly favoring the central powers. Such rumors became so persistent though that the Greek minister to France felt called upon to assure the foreign office that Greece would adhere to her traditional friendship for France.

Rome, Nov. 13.—American Ambassador Page has received a report from the Italian foreign office in which it is stated the fate of several native or naturalized American citizens on board the Ancona is still in doubt.

HOWELL CAN ALSO RAISE PIGS

Editor Star: I read with much pleasure the statement of Mr. Shaw of Summerfield in regard to his hog raising and was much interested in same, and as you have asked if any one can beat it I shall give you a few facts relative to hog raising:

I have a sow which farrowed on June 7, 1914, ten pigs; she farrowed on Dec. 1, 1914, eight pigs; on May 1, 1915, she farrowed nine pigs, and Sept. 12, 1915, she farrowed 14 pigs, making a total of 41 pigs farrowed in 5 months and five days. I sold the first two litters, 18 of which dressed 292 pounds, for \$229.20. The third litter of nine will now dress about 10 pounds and the last litter will average about 30 pounds gross.

If this record can be beat by any farmer in the county who can produce evidences proving same, I will make a present of one of the last litter of said pigs.

Very respectfully yours,

C. P. Howell.

ZEALANDIA HAD NO PAPERS

British Claim They Did Not Violate Treaties in Searching the Ship

(Associated Press)

Washington, Nov. 13.—The British embassy has explained to the state department that when the British cruiser searched the American steamer Zealandia, near Progresso, Mexico, the Zealandia was three-quarters of a mile outside of the line of Mexican territorial waters and not inside as was claimed. The British said they searched the steamer for contraband and they found that although the ship flew the American flag the Zealandia had no documents to show her nationality or registry.

SENATOR FLETCHER SAYS WE NEED MORE SHIPS

FOUR HUNDRED AUXILIARY VESSELS A NECESSITY, DECLARES THE SENATOR FROM FLORIDA

(Associated Press)

New York, Nov. 13.—The necessity of providing at least 400 auxiliary ships for the navy as an arm of the national defense was urged by Senator Duncan U. Fletcher last night at a meeting of the Academy of Political Science at Columbia University as justification in itself for the enactment of a bill for the government ownership of merchant ships. Senator Fletcher had charge of the government ship purchase bill in the Senate last session and his words were listened to as indicative of plans for enacting the measure into law at the coming session.

"Last January when the ship purchase bill was before the Senate, I pointed out that Great Britain, with all of its naval establishment, had found it necessary to commandeer about 1500 merchant vessels during the present war," said the senator. "I pointed out our need of naval auxiliaries. The need grows on us. The government is compelled to build and acquire ships to meet the necessities of the navy. Navy auxiliaries are a certain and controlling need. These auxiliaries can be constructed so as to serve commerce in time of peace and be made ready to serve the navy in time of threatened or actual war. It is an arm of the national defense which must be developed and made serviceable."

Private control of transportation may serve the purpose today and tomorrow may join foreign combinations in utter disregard of both investors and the public, he continued to say. "We must be free from foreign domination," he added. "I do not know how this can be secured except by government control, in view of the great lead that the merchant marines of other countries have secured."

PROGRESS OF GERMANS SLOW IN MOUNTAIN PASSES

Progress in the Balkan campaign is slow. Serbia's allies are making their presence felt along the Macedonian frontier. The French are reported to be within a mile and a quarter of Veles and have occupied several villages on the right bank of the Vardar, but the expected Serbo-French junction before Rabuna pass hasn't been effected. The Germans are experiencing the most difficult phase of their campaign in front of the mountain barrier which must be surmounted before they can hope to completely disorganize the Serbian army.

FUNERAL SERVICES FOR DR. NEWSOM

The remains of Dr. W. V. Newsom were laid to rest in Greenwood cemetery yesterday afternoon. A large concourse of sorrowing friends was present, many coming from all parts of the county to join in paying the last tribute to a good and useful citizen. The funeral services took place at the family residence on Fort King avenue. Revs. Herndon and Gross, who officiated, were assisted by Dr. W. H. Dodge, who came from Jacksonville to attend the funeral of his valued friend. The three clergymen paid touching tribute to the departed, and spoke words of comfort to the bereaved relatives and sorrowing friends.

Dr. Newsom's favorite hymn, "Let us Cross Over the River and Rest Under the Shade," was beautifully sung by Miss Cecile Downs.

Many followed the remains to Greenwood, where they were reverently laid in their last resting place, the wealth of floral offerings completely covering the grave from sight.

FOOTBALL TEAMS BATTLING ON THE NATION'S MOST FAMOUS FIELDS

(Associated Press)

Atlanta, Nov. 13.—The attention of southern football enthusiasts is turned today to the Vanderbilt-Auburn game at Birmingham as the premier football event of the South, but interest is also manifest in the Georgia-Georgia Tech game at Atlanta, because of the fierce rivalry between the two schools.

In the east, Princeton meets Yale in the second of the so-called major games of the season.

Auburn has not been scored on this season but Vanderbilt is expected to give the Alabama eleven a hard contest in view of her consistent playing.

The betting is five to four in favor of Georgia Tech. The betting is four to one that Princeton beats Yale.
